

SHIPTECH   
*Fueling for **change.***

**WITH YOU EVERY  
STEP OF THE  
JOURNEY.**

## Who is **Shiptech** and how are we different?

**Shiptech Petroleum** is a proudly South African supplier and distributor of petroleum products whose revolutionary service delivery empowers people, businesses, and the local economies they serve.

"Shiptech's growth is directly proportional to the growth of our business partners. Partnership is the key word in our business - we invest ourselves and our resources as an integral and focused role in the operations of our partners, and the results speak for themselves."

- *Managing Director*

## 15 Years

Shiptech has been operating since 2007.

---

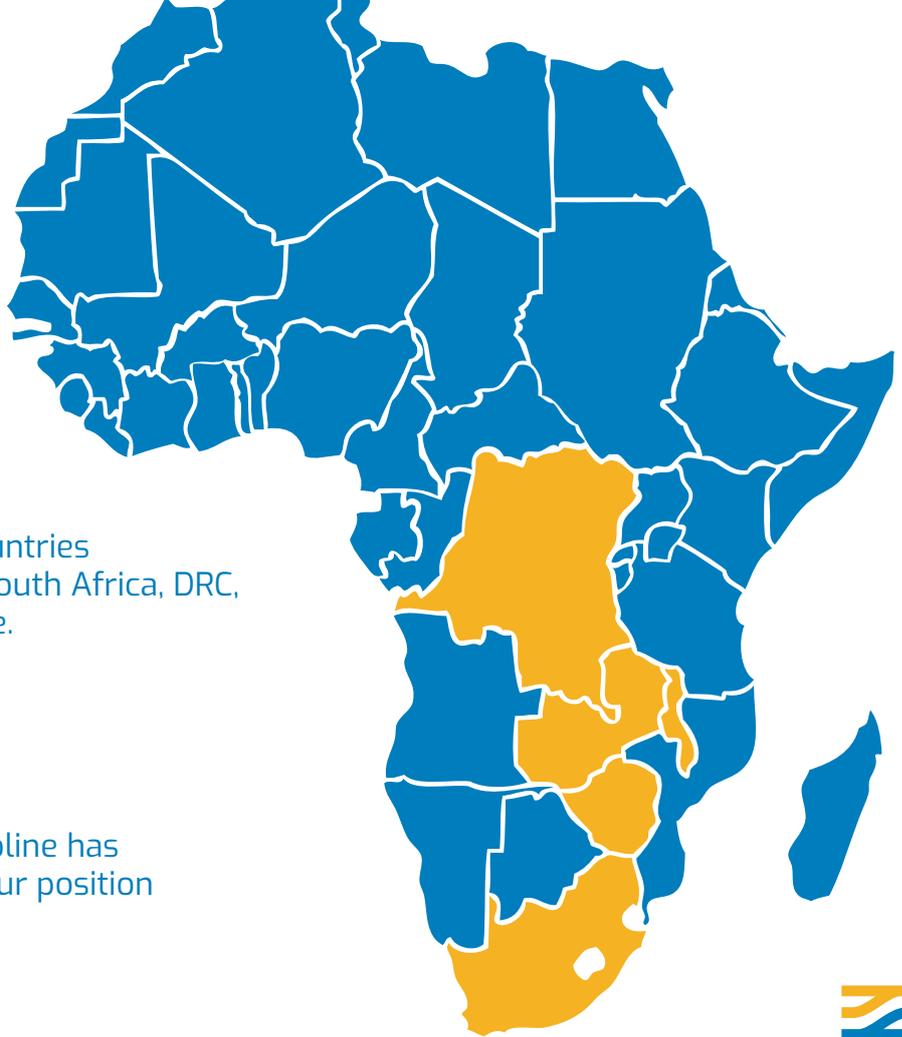

## 5 Countries

We trade prominently in 5 countries throughout Africa; including South Africa, DRC, Malawi, Zambia and Zimbabwe.

---

## 17 000 000 litres pm

Our volume of diesel and gasoline has grown year on year, proving our position and reliability in the market.

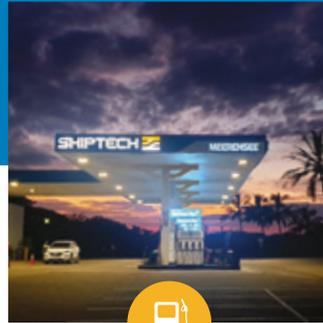

# Where we operate

## Commercial

Large logistics companies use Shiptech to fill their depots. We work with our trusted partners to provide **turnkey fuel solutions** for various logistics companies.

## Retail

Shiptech is constantly **expanding distribution** of fuel and services across Africa. With our fast growing branded retail stations, you will be able to find us country wide.

## Industrial

Shiptech is a consistent supplier to the mining industry in Southern Africa. As the global demand for resources grows, **Africa's potential is being rapidly untapped**, and we are particularly excited about this area of growth.

## Agricultural

African farmers and Agricultural co-ops require the supply of tons of litres of fuel and oil. Shiptech are **proud suppliers of all the major South African co-ops** and we are constantly exploring innovative service solutions for these customers and their communities.

## We fuel the people and communities of South Africa

When you purchase Shiptech fuel you are supporting a business that empowers everyday South Africans. Everyone has a seat at the table of opportunity, from small, local businesses to the employees we uplift. We are invested in this country and determined to see her succeed.

## We partner with the future

Shiptech has always been at the forefront of petroleum business innovation. We do things differently. When you partner with Shiptech, you partner with change.

# Why partner with Shiptech?

---

## CUSTOMER SERVICE

Unparalleled **customer service** from our passionate and highly skilled sales team.

## DELIVERY

**Shiptech logistics** are all done in-house through our own fleet of trucks with a 24hr operations team.

## QUALITY

Our quality fuels are externally sealed to **guarantee secure handling**.

## LUBRICANT PARTNER

One-stop-shop for quality fuel and lubricants through **Engol**.

## SERVICE

Dedicated **Shiptech service vehicles** run by qualified technicians.

## CONVENIENCE

An easy to use **online ordering portal**, for secure and efficient management of fuel orders and credit checks.

**Supreme Plus** is designed with an industry-leading additive in its chemical profile. The way the fuel removes deposit build-ups from engine intake valves means improved efficiency, positively affecting fuel consumption.

**Bottom line?** Reduced engine stress and corrosion, a smoother drive, improved performance and a better fuel economy for South African road users.

SHIPTECH   
**Supreme Plus**
